2020 KADET Contribution Request

After all that dealers have faced because of COVID-19, we know it is difficult to think about a contribution to KADET. But it is because of this, that your contribution is more important than ever. As automobile dealers, we are faced with constant threats and challenges in the legislative and regulatory environment and we expect even more threats as the Commonwealth tries to recover from significant budget short falls due to the pandemic. In 2020, we successfully blocked legislation that would have put a cap on trade-in credit, but with increasing deficits to the KY Road Fund, we expect a major fight to preserve trade-in credit in the 2021 Legislative Session.

Being able to make campaign contributions to retain legislators in KY who support our industry is a critical piece of our advocacy efforts. Without legislators who understand and support our industry, the successes we have achieved, like trade-in credit on new vehicles are likely to be undone. In 2020 we will receive requests from 100 Representatives and 19 Senators who will be running for re-election in 2020. We need the funds to support the legislators who support our industry and can aide in important legislative and regulatory initiatives.

We need 100% of our members to participate in this valuable fund to continue to be effective and save trade-in credit. Contribute **$1,000** up to the maximum allowable contribution of **$2,000** to be recognized as a President's Club Member
